FLANK LIGHT - 240 WATT

A new type of flank light to meet the tough requirements of the marine industry. Constructed with a corrosion-resistant Aluminum housing and stainless steel mounting hardware.

Designed with a high protection level of IP68 to suit harsh weather conditions with LED lifespan of 50,000 hours.

SPECIFICATIONS:

Height: 18 1/4 inches

Diameter: 15 inches

Range: 3000m

Weight: 33 lbs

Voltage: 120V AC

Wattage: 240W

Materials: Aluminum - Housing
Stainless steel - Hardware

Beam Angle: 3.5°

Candela: 3,673,851 cd

- More than 50,000 hours of LED lifespan, low-maintenance, no bulb replacement
- 3.5° optics for long-range illumination up to 3000m
- UV-resistant glass lens
- Low-power consumption
- High-impact and high-vibration resistant

MODELS:

FL - 240 - STUD - BRKT Flank Light 240W Stud Mount with Bracket

FL - 240 - RCM Flank Light 240W Mechanical Remote Mount

FL - 240 - RCE Flank Light 240W Electrical Remote Mount
