

# RACK LIGHTS: PORTABLE MOUNTED

Our line of rack lights and portable spotlights was developed for use by police, fire and emergency departments. They allow for instant floodlighting without delay for disaster situations.

- (A) **MODEL: RACK-FD-3-FLOOR** - As shown. Supplied floor mount and a 4' pole.  
**MODEL: RACK-FD-3-SIDE** - Same as above, but with side mount bracket for the side of the truck.

Telescoping 3 head - 200,000 CP on each spotlight for mounting directly on emergency vehicles. Lightweight aluminum construction.

- (B) **MODEL: RACK-3-PM** - Same as above but for mounting directly onto flat surfaces.

- (C) **MODEL: 112-HN-MAG-CP** - This light is a heavy duty portable hand held spotlight with magnetic mount and cigarette plug on a 10' cord.

- (D) **MODEL: 112-CL-C-4537-12/2SJ** - Single head chromed with clevis mount and 10" cable for direct mounting.

**MODEL: 112-CL-C-4537-12/2ST-SWRB** - Same as above but has a switch with rubber boot on light.

- (E) **MODEL: RACK-4-PD** - Special rack with 4 heads and 4 magnets on bottom. Also has remote switch on 5' leader for inside control.

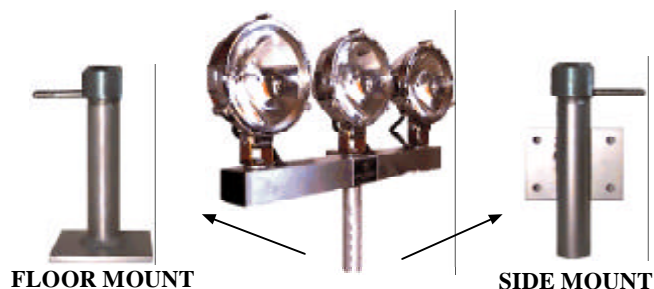

- (F) **MODEL: CARBAG-RACK-4** - Black nylon carry bag for any 4 head rack.

**NOTE:** All above lights have 200,000 CP aircraft landing sealed beam lamps. All heads are clevis spring mounted and can be aimed in any direction.

DRAIN ON 3 HEAD RACKS:  
12 Volts at 24 Amps

DRAIN ON 4 HEAD RACK:  
12 Volts at 32 Amps

**A) FIRE DEPT. RACK: RACK-FD**

**B) RACK-3**

**C) 112-HN**

**D) 112-CL**

**E) RACK-4**

**F) CARBAG**
